

**MOVE
OVER...**

**FOR EVERYONE'S
SAFETY...**

IT'S THE LAW!

Emergency personnel risk their lives every day to help keep roadways safe.

Alabama's "Move-Over" law helps protect law enforcement officers and other emergency responders by requiring motorists to move over when approaching stopped emergency vehicles with flashing emergency lights.

The "Move-Over" law requires:

ON HIGHWAYS WITH FOUR OR MORE LANES:

- Move over one lane.
- If it's unsafe to move over, slow down to a speed that is at least 15 mph below the posted limit.

ON TWO-LANE ROADWAYS:

- Move over as far as possible without leaving lane.
- Slow down to a speed that is at least 15 mph below the posted limit.
- If the posted speed limit is 20 mph or below, slow down to 10 mph.

SAFE DRIVING STARTS WITH YOU...
